TSG Drop Ladders are part of the TSG Touring range. They are a modular and flexible system for hanging fixture positions over an 8mt vertical length which all packs down into a flexible dolly system capable of carry all the items for the range and a full complement of accessories. Key points are as follows.

### Drop Ladders

- 2mts long with an easy yet ridged joining system.
- Each ladder includes 2 fully adjustable bars for attaching fixtures.
- Ladders can take any number of adjustable bars, within reason.
- Capable of having differing suspension methods i.e., eyebolts or Scaff clamps
- Ladders are open ended to afford maximum space for hanging fixtures.

### Dolly

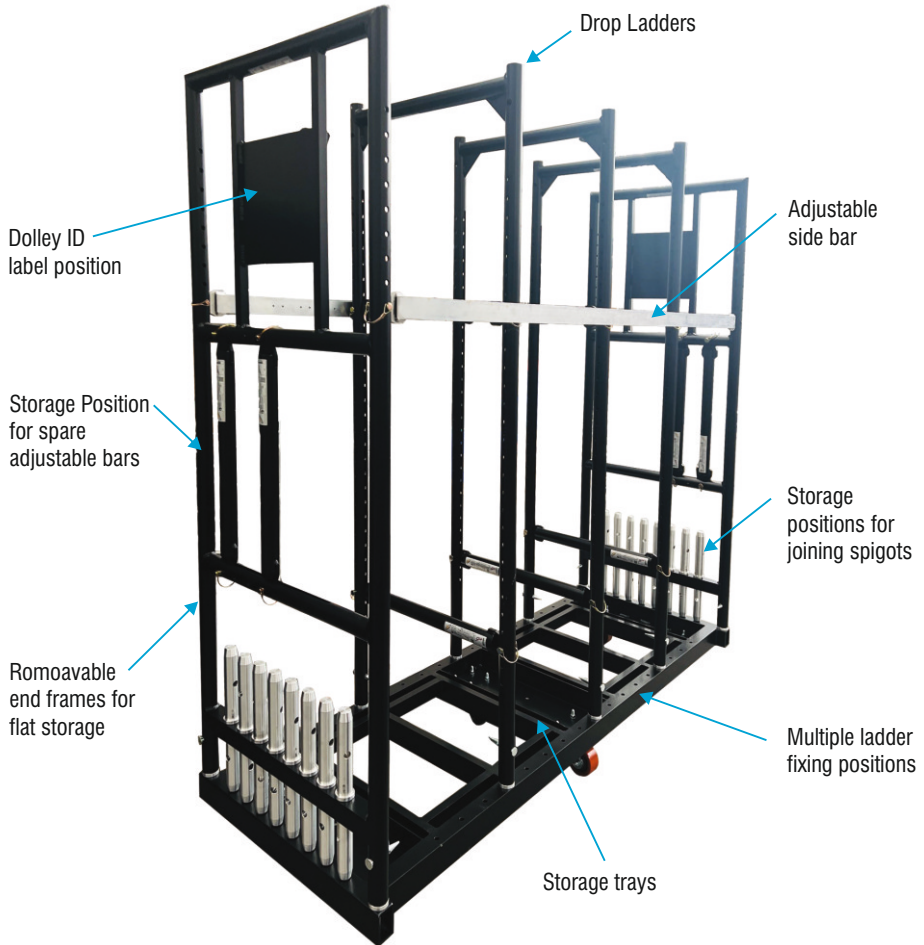

- Allows for multiply ladders, with or without fixtures to be stored.
- Specific and easy storage point for all accessories.
- Bottom trays for any loose items you might want to carry.
- Can flat pack for storage.
- Adjustable side rails for different support points during transit.
- Robust 125mm dia castors.

All items are powder coated black as standard.

In addition, the TSG Drop Ladders are compatible with other items in the TSG Touring range, for example the TML Tuss Multi-Purpose wheel board, providing a flexible system for your various touring needs.
